

Saturday Expo

1:30 - 6:30

The traditional “booth” model is such that you have a booth to “sell” your products and services and hope that someone will stop by and ask for more information or to purchase your products. The CEO Space Expo was designed to give you the opportunity to:

- Sell your products and services that you have been asked about all week
- Provide you with a space to have people find that you have not been able to connect with
- Display your project for which you are seeking funding
- Schedule meetings and finally have members catch up with you... Think of it as the place for you to “wrap it up”!

A big thank you to Michael & Pamela for improving the flow of our Expo through Feng Shui!

Stop by Registration to make your booth reservations

 = Sponsor Booths
